

2018 PINOT NOIR *Elton*

VINTAGE FACTS 2018

While it was a warmer than average vintage, temperatures stayed in the low to mid 90s with few heat spikes, making for a balanced year with less widespread heat stress like in years' prior, especially 2017. Low rainfall during late September and into October allowed winemakers to easily manage harvest, picking grapes when they wanted to, instead of dodging rain or having to pull fruit early. When moderately warm days occur along with cool nights, vines can rest in the evening and concentrate efforts on developing more fruit complexity and flavors. Ideal conditions like this occurred throughout Oregon in 2018.

Late bud break was due to a slightly wet and cooler April in 2018. Bloom in verasion caught up quickly and was close to average across the state. While there was low bird pressure, there were enormous amounts of yellow jackets, which points to a mild winter with temperatures not cold enough to keep the insect populations down.

Harvest was slow and steady in Oregon resulting in truly dialed in fruit composition with sugar levels, acidity, and pH all close to average.

Bree Stock MW, Oregon Wine Board Education Manager said: "The 2018 vintage in the Willamette Valley and Oregon overall is looking to make some exceptional wines. Not exactly a return to normal, as the spring and summer were some of the warmest and driest on record, but there were no real heat spikes and the season was longer due to the cool autumn weather. That allowed grapes to hang and develop complex flavors on the vine while retaining fresh acidity."

THE VINEYARD

Elton: In 2006, *Wine & Spirits* listed it as one of the five key vineyards in the Eola-Amity Hills American Viticultural Area. In 2007, Elton Vineyard was named one of Oregon's top ten vineyards by *Wine Press Northwest*. Planted in 1983, the vineyard now includes 60 acres on east-southeast slopes of the Eola Hills. The elevation rises from 250-500 feet, and the soil is Jory and Nekia.

WINEMAKING NOTES

The stylistic vision is pure Pinot Noir fruit with a juicy mouthfeel, balanced oak and soft, sweet, ripe tannins. The methodology includes attention to detail from vineyard to bottle. Picked at peak ripeness, the fruit was gently destemmed, with approximately 90% of the berries remaining intact for intra-berry fermentation, which adds lively fruit forward characteristics. Prior to fermentation, the must underwent a five day pre-fermentation cold soak which provides improved complexity, color and mouthfeel. On the fifth day, the must was inoculated with commercial yeast. After 8-12 days of fermentation in small fermenters, punched down by hand, the must was pressed out and allowed to settle in the tank overnight. The new wine was barreled with light, fluffy lees and underwent malolactic fermentation.

TECHNICAL DATA

Grape Type: Pinot Noir

Clones: 114, 115, 777, Pommard and Wädenswil

Appellation: Eola-Amity Hills

Soil Type: Jory (iron rich volcanic), Nekia (shallow iron rich volcanic)

Harvest Date: Sept. 27 – Oct. 7, 2018

Harvest Statistics

- **Brix:** 24.5°
- **Titrateable Acidity:** 7.47 g/L
- **pH:** 3.17

Finished Wine Statistics

- **Alcohol:** 14.2%
- **Titrateable Acidity:** 6.37 g/L
- **pH:** 3.33
- **Sulfate Level:** low

Fermentation: Small bins

Barrel Regimen: 16 months in barrel, 29% new French oak

Bottling Date: February 27, 2020

TASTING NOTES

The bouquet opens with notes of mixed red and black fruits, earth and barrel spice. On the palate the wine expresses beautiful movement and dark fruit flavors of blackberry, currant and plum accented by minerality, cedar, anise and bergamot. The wine features a broad palate, velvety tannins, balancing acidity and lingering finish.

Peak Drinkability: 2021 – 2030

FOOD PAIRINGS

Enjoy with elegant, aromatic dishes including pan-roasted duck breast with fruit compote, rack of lamb seasoned with herbs de Provence and garlic, sauteed chanterelle mushrooms and aged cow's milk cheeses like white cheddar.
